International (in)visibility? Solutions for excellent small universities in remote locations

2nd International Staff Week at the University of Greifswald

Get to know one of the oldest universities in Northern Europe!

> **learn** about our strategy for boosting the international standing of Greifswald as an excellent university on the Baltic Sea.
> **discuss** your own experiences and ideas with colleagues from around the world.
> **visit** our Biological Research Station on the beautiful island of Hiddensee.
> **open for staff members working in:** internationalisation, public relations, research support & funding offices.
> **hosted by:**

International Office

> explore academic social life in a historic hanseatic town
> celebrate internationality and present your home university on International Day 2018

Research Support Centre

> get to know our research foci and regional research network.
> develop opportunities for cooperation in research and transfer.

detailed information + registration:
www.uni-greifswald.de/staffweek
