Erasmus+ Blended Intensive Program BIP

1 remote session : **November 5, 2024**

5 days of in-person sessions: **November 18 to 22, 2024**

Overview

Inclusion can be approached in various ways, depending on the institutional context and each individual's frame of reference. Inclusion is a central issue in today's ever-changing society. In the « Inclusion through Internationalisation » program, we will explore various practices aimed at including students in mobility across international, European, institutional and individual levels.

Goals

- ♦ Become aware of the strategies employed by different institutions to enhance inclusion and reduce exclusion.
- ♦ Developing a white paper to define inclusion, integrate stakeholder expertise, and promote best practices.

What is a BIP ?

BIP is a program offered by the International Relations Office as part of the "Erasmus+ Hybrid Intensive Programs" initiative.

The Erasmus+ Blended Intensive Program (BIP) is a short mobility program cofunded by the European Union. It allows staff to engage in hybrid mobility abroad over a brief period of time (from 5 to 30 days).

It combines:

- A **physical mobility abroad** (from 5 to 30 days)
- A **virtual activity** before, during or after the physical mobility.

Participants in an Erasmus+ Blended Intensive Program must receive an **Erasmus grant** from their sending institutions.
