

3rd INTERNATIONAL WEEK

Dear Partners,

We are pleased to invite you to the 3rd ŠKODA AUTO University INTERNATIONAL WEEK which will be taking place between the 16th and 20th of March 2020 at our campus in Mladá Boleslav, in the Czech Republic.

This year we will focus on the 20th anniversary of the ŠKODA AUTO University. We would like to offer you an opportunity to experience our university, visit lectures and seminars, socialize with ŠKODA AUTO University administrative and academic staff and take an active part in the programme. We have designed the program of the international week in such a way that all participants would get an insight into the modern way of teaching and supporting students within the world of business at large and the automotive industry in particular.

We see this international week as a great way to enhance the quality of the collaboration with our partner universities. All of our colleagues, both administrative and academic, are very welcome to participate.

We also welcome guest lecturers who would like to hold lectures during the International week.
