

SUSTAINABLE TOURISM IN TENERIFE 2022

PRACTICAL TRAINING

| | |
|----------------------------------|--|
| <p>COURSE DESCRIPTION</p> | <p>With the world as it is today, the growing need to pave the way for a more sustainable future within the tourism sector is growing ever more apparent. Sustainable tourism must benefit the environment, help local communities and consider economic advantages, too.</p>  <p>During the <u>four days</u> training the participants will discover the actions and projects that Tenerife is following towards sustainability. Practical visits to the main institutions, companies, associations and stakeholders cooperating and sharing best practices.</p> |
| <p>LEARNING OUTCOMES</p> | <ul style="list-style-type: none"> ✓ To establish long term cooperation with hosting companies and institutions for the future mobilities and projects of participants. ✓ To disseminate the result of the learning outcome as a teaching material for the students and to engage new students into sustainability actions. ✓ To learn about Spain implementation of the SDGs and specifically Tenerife as a sustainable destination. |
| <p>TARGET GROUP</p> | <p>This training course is designed for any member of an educational organisation: trainers, school management, administration staff, school/university teachers, marketing advisors, Erasmus+ Project Managers, International Offices staff, etc.</p> |
