

Angers University Institute of Technology

INTERNATIONAL WEEK

From 13th to 17th May 2024

10TH
EDITION

COME AND CELEBRATE THE 10TH ANNIVERSARY OF OUR INTERNATIONAL WEEK!

For ten years now, we have been building and consolidating our partnerships and creating opportunities of networking.

For ten years, you've been sharing your knowledge and know-how through the classes you have taught, while opening our students up to new cultures and ways of learning and nurturing their desire to study abroad at your university. Our experience has shown us just how valuable this international event is for all of us – students and teachers, alike.

This year's International Week will give you the chance to (re)discover our lovely region, expand your professional network, and get to know our first year students and our researchers from the departments of Marketing, Business Administration, Applied Biology, Electrical Engineering and Information Science, Mechanical Engineering, Social Work, and Administration and Sales Management.

OUR 2024 TOPIC: MANAGING CHANGE

Looking at today's world with its constant, fast-paced change and its challenges, we came up with this year's theme: **Managing Change.**

Here are a few ideas you could use:

- The rise of IA and digitalization
- Changing demographics
- Emerging economic markets and powers
- Political instability
- New consumption habits
- Dwindling resources
- New energies
- CSR approaches.

We would encourage you to engage our first year students in projects, allowing them to think about innovative solutions to managing change.

As always though, alternative topic proposals will be considered.

If you would like to join us,
please confirm
by January 30th 2024

INTERNATIONAL WEEK

From 13th to 17th May 2024

10TH
EDITION

YOUR TARGET AUDIENCE

You'll be with our first-year students, so we don't expect the material covered to be too technical or in-depth. Interactive activities are most welcome to optimize the students' participation.

If you'd like to come with some of your students, please let us know their number so that we can arrange for their accommodation on the campus and their program during the week. They'd be very welcome!

WHAT'S INCLUDED IN YOUR WEEK ?

You'll be invited to take part in a variety of cultural activities that bridge the past to the present against the backdrop of change.

You will enjoy:

- Exploring the historic city of Angers through an exciting treasure hunt
- Attending a welcome cocktail at the Museum of Fine Arts of Angers
- Having wine-tasting experience and fine French food in the 17th French monument, Chateau La Perrière.
- Visiting the gardens of the medieval fortress of Angers and its breathtaking view over the City and the Maine.

FUNDING

In previous years, our guest teachers have been able to finance their visit (travel and accommodation costs) from the home university's Erasmus Mobility Budget.

Angers University Institute of Technology

INTERNATIONAL WEEK

From 13th to 17th May 2024

10TH
ÉDITION

Please fill in the application form and send it no later than January 30th to:

dir-ri-iut@univ-angers.fr
