MUSEO DE LAS VILLAS ROMANAS

The Museo de las Villas Romanas is located in Puras, Valladolid.

The museum is formed by two buildings. The first one is the Museo de las Villas Romanas, which offers a complete view of the rustic Roman life: types of houses, economic activity, nature life, leisure time, religion, etc.

The second building is a typical Roman Villa showing the rooms, courtyards with their mosaic floors and original paintings.

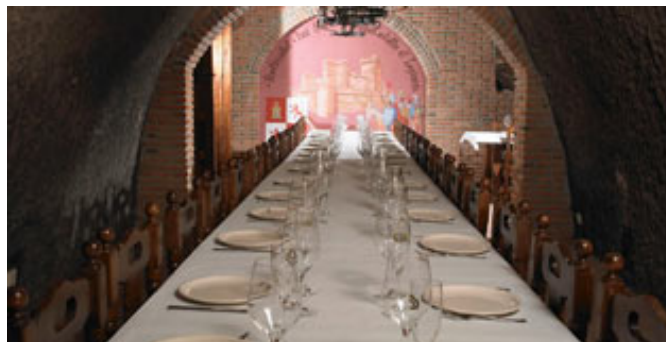

YLLERA WINE CELLARS

The second part of the visit will be at the Yllera Wine Celler, located in Rueda, Valladolid. The tour is called *El Hilo de Ariadna* (Ariadne's thread) and it recalls the Greek myth of *The Labyrinth of the Minotaur*.

This tour includes a visit of the cellar with a wine tasting and a typical Castilian lunch in their Mudejar caves.

CASTILLO DE LA MOTA

Our finally stop is the Castillo de la Mota, in Medina del Campo, Valladolid, a place full of history and legends thanks to the King John II of Castile, his son Henry IV and the Catholic Monarchs, Queen Isabella I of Castile and King Ferdinand II of Aragon.
