

CLIL for Primary Teachers

Teacher Training Course

A practical, hands-on course for Primary Teachers to explore how language instruction can be integrated into their classroom practice.

This course offers an introduction to the Content and Language Integrated Learning (CLIL) approach to education. It is suitable for Primary teachers and aims to help teachers introduce language-supportive methodologies into their teaching.

This course is applicable for Erasmus + KA1 Staff Mobility Funding. The course offers teachers the opportunity to collaborate with teachers from other countries.

Practical ideas for classroom management, teaching strategies, lesson planning, materials development and assessment are applied to a variety of subjects across the curriculum with a focus on teaching Sports (including Irish sports), Mathematics, Science and Art through English.

Developing their own CLIL lesson plans and lesson materials, teachers 'micro teach' to their colleagues during the course, receiving feedback from the course trainer.

Teachers are supported in their own language development, with a dual focus on language for teaching and language for learning. Teachers explore language for interaction, language for instruction, cross-curricular academic language, and subject-specific vocabulary.

English Level:

Applicants to this course should have a minimum B1 level of English, as outlined in the Common European Framework of Reference for Languages.

Format:

In-person training carried out in our Dublin City Centre school, delivered by our experienced teacher trainers. International classes for the dates below. Closed group can be offered at any date through the year.

Course Length:

20 hours in-person training + 10 hours project work

Course Duration:

Full time - 30 hours over 1 week. Course may be in the mornings or afternoons.

Final Certificate:

30 certified hours per week

Learning Objectives

By the end of the course teachers should be better able to:

- understand the core concepts of the CLIL Methodology at Primary level.
- identify the language demands of their curricular subjects.
- adapt and develop materials and resources to support their students in their CLIL learning.
- design CLIL-based teaching and learning activities.
- use techniques to help students read and listen in the target language.
- support their students in producing the target language (both written and spoken).
- understand how to integrate assessment of subject content and language.
- plan CLIL-based lessons and units of work with confidence.
- support colleagues in CLIL teams to implement a cross-curricular approach to content and language integrated learning.
