UNIVERSITY OF PECS JUBILEE

Erasmus+

Staff Week in Pécs

April 24-28, 2017

About

The University of Pécs has been celebrating the 650th anniversary of its foundation in 2017. Using this joyful opportunity, we would like to refresh our Erasmus+ projects and partnerships by sharing knowledge and ideas with You!

The topics will cover the biggest challenges of internationalization from the perspective of the Erasmus+ program such as credit recognition, communication with the „Z” generation etc.

Through the lectures, workshops and brainstorming events the participants will get a broad view of the Erasmus+ program and related fields like communication, mentoring, etc.

Costs

The University of Pécs will provide and cover the costs of all coffee breaks, lunches, information kit, sightseeing events and a trip to Villány (Center of the Villány Wine Region) with dinner in a premium winery with wine tasting. The attendants will have to cover their travel to Pécs and their accommodation.

We are eager to work with you, if you are

Application

As places are limited to 25 participants, please be sure that you make your registration as soon as possible. Participation is limited to 2 people per institution.

For the registration form, please click [here](#).

Accommodation

You will have to make the hotel reservations for yourself. We are going to recommend you hotels that are located close to the Staff Week's venue.

University of Pécs

The history of higher education in Pécs dates back to 1367, when Louis the Great initiated the establishment of a university in the episcopal city of Pécs. The University has become one of the most famous, prestigious institutions having a leading role in regional education. It has ten faculties which cover the full spectrum of high-quality higher education.

Now the university has around 20,000 enrolled students, which includes 3,400 international students studying in more than 50 full degree programs running in English and German. The University of Pécs is dedicated to increase the number of international students to 5,000 by the year of 2020.
