WORKSHOP

The Jagiellonian University, the Jagiellonian University Museum, Association of University Museums, Coimbra HWG

Joint session and working groups open for participants of the SMT and other guests from the networks. The workshop taking place on the 5th day, is primarily addressed to museum workers affiliated with universities, custodians of university historical collections or managers of academic heritage (especially welcomed are participants from Coimbra Group and UNA Europa Alliance).

- **The first part** will focus on the museum object – its definition, interpretation, functioning of scientific objects in the museum context and problems related to its exhibiting.
- **The second part** will present some critical voices and approaches regarding academic heritage as a theoretical concept.
- **The third part** will present the problem of management of University heritage from theoretical perspective.

Detailed programme of the workshop will be announced on the 8th of March.
