Erasmus+

## Erasmus+ Blended Intensive Program (BIP) « How can green practices be integrated into European projects? »

The staff week aims to give the participants **simple tools** and **guidance** to the concept of **sustainability** in **European project**.

### Expected outcome

- **A guide** to integrate sustainable development practices into European projects.

**Date** : May/June 2024.

**Location** : University of Strasbourg.

### Activities involved

- Interactive workshops with input sessions
- Individual, pair and group work
- Cultural and heritage trips within a group
- Workshops/conferences with the Erasmus + Agency, the European Commission and others
- Conferences on the themes of green European funding and the Green New Deal

### WHAT’S A BIP :

The Erasmus+ Blended Intensive Programme (BIP) is a short mobility programme funded by the European Union. It enables staff to carry out a hybrid mobility abroad over a short period (from 5 to 30 days).

It combines :

- A physical mobility abroad (from 5 to 30 days), with
- A virtual activity before, during or after the physical mobility.

Participants in an Erasmus+ Blended Intensive Programme **must be awarded** an Erasmus grant from their sending institutions.

To participate to our BIP, you must contact the service in your institution in charge of the Erasmus + Programme to apply for an Erasmus STT Grant
