## ABOUT LEÓN

León is a wonderful city, combining stunning historical architecture with an irresistible energy. Its most valuable treasure attraction is the cathedral, one of the most beautiful in Spain, but there's so much more to see and to do here. During the day you'll encounter a city deeply rooted in the soil of northern of Spain, with its grand monuments, catholic heritage and a role as an important stage post along the Camino de Santiago (St. James Way).

León has been recognized as the origin of Parliamentarism (1188) by UNESCO, 'born' in the Leonese Kingdom.

When the night falls, León is taken over by a deep-into-the-night soundtrack of revelry that floods the narrow streets and plazas of the picturesque old quarter, the Barrio Húmedo. It's a fabulous mix. You will never forget the tapas in León.

Discover our great region!
