---

**Saturday**  
**17<sup>th</sup> October**

**Optional - offer for those who decide to stay 1 day longer**

morning - noon	Unique wooden architecture of medieval wooden churches around Gliwice - guided tour, followed by lunch
15.00	Possibility to participate in the “Saturday Night with Science at the SUT” - kind of science popularization event addressed to the out-of-campus society. Activities are divided into thematic groups (science & technology; languages; culture) and presented in Polish only - but all the idea focuses on practical experiments, taking rather the form of performance than speech & discussion. Pre-registration for most of activities is required, so please fill in your Staff Week application form properly if you are interested in taking part in it. More information will be available in summer 2015 on <a href="http://www.nocnaukowcow.polsl.pl">www.nocnaukowcow.polsl.pl</a>
