INVITATION

INTERNATIONAL STAFF WEEK

GLOBAL STUDIES AND CAREERS: CHALLENGES FOR CAREER
GUIDANCE AT EUROPEAN UNIVERSITIES

date

21 – 25 September, 2015

location

Kaunas University of
Technology, Kaunas,
Lithuania

venue

the Santaka Valley,
K. Baršausko St. 59,
Kaunas

Kaunas University of Technology is inviting you to its second International Staff Week to be held in the city of Kaunas, Lithuania.

The main idea of the event is to raise awareness on the mission of Career Centre in preparing local and international students for global career and studies. The modern labour market is without borders thus, the students are facing challenges in adapting their career goals to different geographical, cultural, economic and social contexts.

the key questions are

How Career Centres can support international students?

What are the best practice examples for career guidance in the context of global mobility?

What are the challenges for universities and students in the era of global careers?

We especially invite colleagues working in the Career Centers, career counselors and other related administrative staff to participate.

We estimate that the staff week will contribute to establishing best practice examples and creation of new knowledge in the field of career guidance and counseling. The workshops will take place in the newly established KTU National Innovation and Entrepreneurship Centre. Participants will have a possibility to explore university campus and meet the students.

We hope to see you soon in Kaunas at the biggest technological university of Lithuania!
