### Practical Information

#### Travel information:

It is possible to travel by train or bus to Odense via different airports in Denmark; Billund and Copenhagen.

The best way to arrange your journey from your arrival airport to Odense is by using the Journey Planner at [www.rejseplanen.dk](http://www.rejseplanen.dk)

In the Journey Planner you are able to choose between Danish, German or English in the language selection in the upper right corner, see picture below.

The screenshot shows the Rejseplanen website interface. In the top right corner, there is a language selection menu with options for Dansk, English, and Deutsch. The 'English' option is circled in red. Below the language menu, there are links for 'Contact' and 'Help'. The main content area features a search form with the heading 'Where do you want to go?'. The form includes fields for 'From:' and 'To:', both with dropdown menus. There are also fields for 'Outward:' (with a date and time selector) and 'At:' (with a time selector). A 'Find journey' button is located to the right of the 'To:' field. At the bottom of the form, there are two expandable sections: 'Find your starting or end point on a map' and 'Advanced options - via-stop, means of transportation, bike transportation, walking distances ...'.

#### Arriving at Copenhagen Airport:

When arriving in Copenhagen, the easiest way to get to Odense is by train. The train departs directly from the airport and arrives in Odense approximately 1 hour and 30 minutes later. The trains

depart frequently. Everything you need, ticketing office and exit to the platforms, is available from the lobby in Terminal 3 at Copenhagen Airport.
