- *Good impressions of Liepaja University, this week proved the words said by Rector, that the university is a small, but elegant university! You are like a family, I am jealous for it in a good way. It was a good combination of formal workshops and cultural events. I hope we will have a great cooperation in the future!* - Anželika Slimanavičiene, Vilniaus kolegija/ University of Applied Sciences
- *New experiences / information about Erasmus+ programme; impressions about Latvia; pleasant stay in Liepaja; meeting with nice colleagues. Well organized event in everything (timetable / hospitalization)* - Doreen Kursawe, Technical University Dresden
- *I have gained information on how to write a good project, what is good or bad project proposal; how to solve practical problems of incoming Erasmus+ exchange students or Professors* - Sandra Grigaravičiute, Lithuanian University of Education
