Programme and schedules may be modified by the beginning of the Staff Week

The University of Reims Champagne-Ardenne has the pleasure to invite you to its **1st Erasmus+ International Staff Week**, which will take place **from April 16 to April 20, 2018** in Reims, France.

Improving the integration of international students is one of the political priority for the University of Reims Champagne - Ardenne.

The goal of this Staff week is to compare how each University implements with **the welcome and the integration** of its international publics. The URCA wishes to show its expertise and to enable partners to **exchange good practices** about this topic. With a dynamic program of conferences, workshops, debates, meeting with local actors, you will develop new skills to **create intercultural events for your international students**.

From April 16 to April 20, 2018 two main campus events will take place: The Turbo film Festival, a short-movie contest, and the International Students' day «Cultures en fête», organised by the Office of International Affairs.

This event will be a great opportunity to **promote your own University** among our students and to **encourage students' mobility**.

Located 45 minutes from Paris, the URCA has a privileged position, in the middle of the Champagne vineyard. To conclude this week, the participants will be invited to discover the Champagne making-process and will enjoy the diversity of our region.

In addition, participants can extend their stay with a one-day trip to the surroundings (City of Troyes) and attend as a VIP guest the Turbo film Festival Ceremony (one of the greatest cultural event of our University).

Compulsory registration at : www.univ-reims.fr/staffweek2018

Deadline for application: February 25th, 2018
