Academics are welcome to propose lectures in a variety of subjects ([please check the application form for a complete list of available subjects](#)). The lectures are targeted at Bachelor and Master's degree students. The teaching language is either English or Portuguese. We will analyse the content of each proposal and confirm if we can find a receiving lecturer on our side.

There is no participation fee. However, participants should cover the cost of travel, accommodation, and meals. Where applicable, the funding might be available from the Erasmus grant distributed by the **home university**. We invite candidates to check the availability of such funding with their home institution.
