## VILNIUS: unexpectedly amazing

Vilnius is the capital of Lithuania and thus home to the country's President, Seimas, Government and Supreme Court. Diplomatic missions, as well as educational, cultural, financial, research, and healthcare institutions are based here.

Vilnius is an outstanding example of a medieval foundation which exercised a profound influence on architectural and cultural developments in a wide area of Eastern Europe over several centuries.

The magical Old Town of Vilnius holds many secrets and a long history. The cobblestone streets lead you on a romantic walk through the UNESCO World Heritage site.

There's plenty to see in Vilnius, but if you have more time on your hands, a day-trip will open up new horizons. There are various daytrip options depending on your interests, but one common feature is that they're all relatively close by and easily accessible.

Just a 30-minute trip from Vilnius, the Town of Trakai is home to a stunning fairy tale view of a castle in the middle of a lake. The Kernavė Archaeological Site, a UNESCO World Heritage Site in the valley of the Neris River, will transport you to prehistoric and medieval ages.
